Each Moment

Kathy Troccoli

You are the love of my life
Oh Jesus, You found me lost in the night
I won't forget my sin
All the ways I'd been so blindThere is no love like Your love
Oh Lord, 'cause I'm not the person I was
You've changed my very soul
Everyday I grow insideDon't wanna follow
The ways of the world
I wanna please You
Everyday to see YouEach moment I breathe
It's You that I need
I know I can't live
Without Your graceEach moment I live
Everyday that You give
I want to love You, Jesus
Every moment I breatheYou can look deep in my heart
And bring Your light in those places so dark
Reveal Your Son in me
By His life I'll see the truthOh, I abandon myself to Your will
You know it frees me
Knowing that You'll lead meEach moment I breathe
It's You that I need
I know I can't live
Without Your graceEach moment I live
Everyday that You give
I want to love You, Jesus
Every moment I breatheMay there never come a time
When I lose my hunger for Your love
And may there never be a time
When I don't remember
Where I'd be without YouI know I can't live
Without Your graceEach moment I live
Everyday that You give
I long to love You, Jesus
Every moment I breathe
