Stuck Here Again

L7

I'm good at feeling bad
I'm even better at feeling worse
Some would say life is a charm
But I'm convinced it is a curseYeah yeah, I'm stuck here again
I've learned to make bad situations my friend
It starts all over just when it should end
Yeah yeah, I'm stuck here againHere comes that familiar pain again
I'm low down, I'm feeling ill
Yeah yeah, I'm stuck here again
Wish there's someone I could kill, yeahYeah yeah, I'm stuck here again
I've learned to make bad situations my friend
It starts all over just when it should end
Yeah yeah, I'm stuck here againHere comes that familiar pain again
I'm low down, I'm feeling ill
Stuck here again
Wish there's someone I could kill, yeahYeah yeah, I'm stuck here again
I've learned to make bad situations my friend
It starts all over just when it should end
Yeah yeah, I'm stuck here againYeah yeah, I'm stuck here again
Yeah yeah, I'm stuck here again
It starts all over just when it should end
Yeah yeah, I'm stuck here again
