

# A Little Soul

Pete Rock

Hey man  
How come you treat your woman so bad?  
That's not the way you do it, no, no, no  
You shouldn't do it like that  
I could show you how you do it right  
I used to practice every night on my wife  
Now she's gone, yeah, she's gone  
You see your mother and me  
We never got along that well you see  
I'd love to help you  
But everybody's telling me  
You look like me but please don't turn out like me  
You look like me but you're not like me I know  
I had one, two, three, four shots of happiness  
I look like a big man  
But I've only got a little soul  
I only got a little soul  
Yeah, I wish I could be an example  
Wish I could say I stood up for you and  
Fought for what was right but I never did  
I just wore my trench coat  
And stayed out every single night  
You think I'm joking?  
Try me, yeah, try me  
[Incomprehensible] I did what was wrong though I knew what was right  
I've got no wisdom that I want to pass on  
Just don't hang 'round here, no  
I'm telling you son, you don't even know me  
And that's what everybody's telling me  
And everybody's telling me  
You look like me but please don't turn into me  
You look like me but you're not like me I hope  
I have run away from the one thing that I ever made  
Now I only wish I could show you  
Wish I could show a little soul  
Wish I could show a little soul  
You look like me but please don't turn into me  
You look like me but you're not like me I hope  
I have run away from the one thing that I ever made

Now I only wish I could show you  
Wish I could show a little soul  
Wish I could show a little soul  
Wish I could show a little soul  
Wish I could show a little soul
