Against the Grain

Rebelution

Look out, watch out
They come for trouble
You canâ€™t understand my struggle
So much to contain
Now itâ€™s me against the grain
So call me by my name
I rise up
People chat and say
Well yeah the haters gonna hate
Now itâ€™s me against the grain

Rise, rise
Come on and rise
Rise up to the top now
Try and never stop
Now rise

Look out, watch out
Theyâ€™re in for trouble
Yeah I power through my struggle
They say that Iâ€™m insane
Well itâ€™s me against the grain
They try and call me names
I rise up
Some people never change
Well I donâ€™t care for what they say
Now itâ€™s me against the grain

Rise, rise
Come on and rise
Rise up to the top now
Try and never stop
Now rise

To power through and through itâ€™s a constant struggle
But we got what takes to push on and survive
Through battles I remain
I rise up
Knowledge I retain
Well yeah they say Iâ€™m out the game

Now itâ€™s me against the grain
