

Got the Love

Average White Band

Got the love, got the love, yeah
Got the love, got the love
Got the love, got the love, sugar baby
Got the love, got the love Now babe, you've been gone such a long time
Been thinkin' 'bout what it is we got
Not all the time in the world
Woo, but we got a lot Now there is much more than a ghost of a chance
We can make it right this time
'Cause you've got to stay mine
I got the love Got the love, got the love
Got the love, got the love
Got the love, got the love
Got the love, got the love Now you might not think that I care at all but I do
You know me so much better than anyone else
It should be easy to convince you that I got the love, I got the love You better listen to what he's saying
'Cause it's true
Got the love Got the love, got the love
Got the love, got the love
Got the love, got the love
Got the love, got the love Now come on girl, let's work it out 'cause I know we can
Let's make it something to shout about
C'mon and take my hand 'cause I got the love Got the love, got the love
Got the love, got the love
Got the love, got the love
Got the love, got the love Got the love, got the love
Got the love, got the love
Got the love, got the love
Got the love, got the love Got the love, got the love
Got the love, got the love
Got the love, got the love
