Got the Love

Average White Band

Got the love, got the love, yeah

Got the love, got the love

Got the love, got the love, sugar baby

Got the love, got the loveNow babe, you've been gone such a long time

Been thinkin' 'bout what it is we got

Not all the time in the world

Woo, but we got a lotNow there is much more than a ghost of a chance

We can make it right this time

'Cause you've got to stay mine

I got the loveGot the love, got the love

Got the love, got the love

Got the love, got the love

Got the love, got the loveNow you might not think that I care at all but I do

You know me so much better than anyone else

It should be easy to convince you that I got the love, I got the loveYou better listen to what he's saying

'Cause it's true

Got the loveGot the love, got the love

Got the love, got the love

Got the love, got the love

Got the love, got the loveNow come on girl, let's work it out 'cause I know we can

Let's make it something to shout about

C'mon and take my hand 'cause I got the loveGot the love, got the love

Got the love, got the love

Got the love, got the love

Got the love, got the loveGot the love, got the love

Got the love, got the love

Got the love, got the love

Got the love, got the loveGot the love, got the love

Got the love, got the love

Got the love, got the love
