Breathe

Cola Wars

Keep me guessing
Tried a lesson of confessing
Let me tell you
Tell you what ive kept from you for so long
But so long dissolved

Here me running
Running just to feel my feet now
Iâ€™m suppressing
Feelings that should let you see
But youâ€™re so far, so far away

Please let me breathe
I need you to just release
Just let me breathe

I donâ€™t mind if,
You donâ€™t mind that I donâ€™t mind
Iâ€™m told you like it
Iâ€™m told you liked your liked so many times
Youâ€™re so far (so far)
So far away

Because youâ€™re so far (because youâ€™re so far)
So far (youâ€™re so far)
Away
Please let me breathe
I need you to just release
Just let me breathe
To be free (yea)
This song will carry me

Please
Let me
Just let me breathe
To be free (free)
Just let me breathe
I need you to just release, release
Just let me breathe
To be free (yea)

This hope will carry me
