Clarity

Second Best

Iâ€™m calling it early
The gameâ€™s off
Due to all this fucking rain
You always play dirty
Itâ€™s pointless
When you have nothing to gain

So burn the memories
We donâ€™t fit now
Just like the old hoodie
I left at your house

You told me it was you or my friends
Well, youâ€™re not going to like how this one ends

Iâ€™m not your leading man, youâ€™re not my Juliet
Thereâ€™s no saving this, itâ€™s not a movie script
Go on and play your part, but itâ€™s just plain to see
The more I give to you, the more I lose of me

Youâ€™re like a car crash
A train wreck
But I still canâ€™t look away
Youâ€™re making excuses
But I know
Youâ€™re the only one to blame

My friends said youâ€™re crazy
And now I know
You took the best of me
Now let it go

I took our picture
Off the nightstand
Youâ€™re just another empty frame

Iâ€™m not your leading man, youâ€™re not my Juliet
Thereâ€™s no saving this, thereâ€™s no going back
Go on and play your part, but itâ€™s just plain to see
The more I give to you, the more I lose of me
