Everything Goes Dark

The Hoosiers

Hypnotized by mirrors
You should look out your window
Beneath cracked panes of ice
A sky's on fire
Drowned by the screams of decadence
A call to arms
Too busy working out to
Work it out

It's not gonna matter what you chose
It's too late when everything goes
Da ya ya yark
Da ya ya yark

It's creeping up on you
Tt knows your name
All that you left behind
Will never be the same
It's come for all that you hold dear
She starts to cry
And hears a song to break your heart
You're looking in the dark
I can't see
It's getting late
In the night we made mistakes

Da ya ya yark
Da ya ya yark
Da ya ya yark
Da ya ya yark

Would you leave yourself alone?
If everything goes dark
Would you lighten up your town?
Once everything goes dark
Everything goes dark
Everything goes dark

Da ya ya yark
Da ya ya yark

Da ya ya yark
Da ya ha ha
Da ya ha ha
Da ya ha ha
Da ya ha ha
Da ya ha ha
Da ya ha ha

Everything goes dark
Everything goes dark
Everything goes dark

Da ya ya yark
Da ya ya yark
Da ya ya yark
