Care For Me

Az Yet

Looking in your eyes, it's written on your face
I can read your mind, you feel the same as me, baby
Girl it's time you face the truth, you're in love with me
And I think it's time that you came around
Girl you care for me, like I care for you
And you think of me all the time
Girl you want from me what I want from you
And you dream of me every night
Nowhere you can run, nowhere you can hide
Can't you feel it girl, you're running outta time, baby girl
Nothing but your fate, you're supposed to be with me
So start acting like you're my baby girl
Girl you care for me, like I care for you

And you think of me all the time
Girl you want from me what I want from you
And you dream of me every night
It's really not good for you to deny the feelings deep inside you
You're really overdue, you need to open up, baby
Truly girl, it's time for you to come to terms with what's inside you
This ain't no time to run away, away from love
Girl you care for me, like I care for you
And you think of me all the time
Girl you want from me what I want from you
And you dream of me every night
Girl you care for me, like I care for you
And you think of me all the time
Girl you want from me what I want from you
