

# Milk of Regret

## Otep

Was I just your surrogate?  
Was I your revenge?  
Was I just your surrogate?  
Was I just revenge?  
I have no regrets yet  
I have no regrets You wish we never took this ride  
You make me do this  
You make me do this  
You make me I wish I was afraid of suicide  
Long ago before I died  
We should never be this high  
I wish I was afraid of suicide Once was I made of glass  
Long ago before I cracked?  
Once was I made of glass  
Long ago before I cracked? You made me do this I just can't forget the blood, the stitches  
The bite marks, the kisses  
The glass memories reflecting back  
The suffocating black, ill milk of regret Just smile and pretend  
We never mattered anyway  
Smile and pretend  
We never mattered anyway You wish we never took this I'm starving, I'm starving  
I'm starving for affection  
Your heart is made of ash  
And you were just a face to me A sacrificial lamb  
Rejection, revenge, deception, dimense  
I might be going down in flames  
But you will burn with me You wish we never took this ride I just can't forget, the blood, the stitches  
The bite marks, the kisses  
The glass memories reflecting back  
The suffocating black, ill milk of regret Just smile and pretend  
We never mattered anyway No one will know This is the perfect place to hide the crime  
And burn the remains  
This is the perfect place to hide the crime  
And burn the remains And I was so naive, I refused to feed  
Waiting for you to nourish me  
I was so naive, I refused to feed  
Waiting for you like a lovesick anorexic I just can't forget the love you twisted  
The lies you enlisted  
The killers quietly and beat me down

I hope you drown in this shit milk of regret I won't fucking forget I hope you drown while your world is burning  
down

I hope you drown while your world is burning down Your whole world is burning, your whole world is burning  
Your whole world is burning, it's burning down  
Your whole world is burning, your whole world is burning  
Your whole world is burning, it's burning down
