

Backs Turned Looking Down the Path

Warren Zevon

I was caught between the years
Nearly cost me all my tears
With my back turned, looking down the path
Hit me like a ton of bricks
Had to have my outlook fixed
With my back turned, looking down the path
People always ask me why
What's the matter with me?
Nothing matters when I'm with my baby
With my back turned, looking down the path
We'll go walkin' hand in
hand
Laughin' fit to beat the band
With our backs turned, looking down the path
People always ask me why
What's the matter with me?
Nothing matters when I'm with my baby
With my back turned, looking down the path
Some may have, and some
may not
God, I'm thankful for what I got
With my back turned, looking down the path
With my back turned, looking
down the path
With my back turned, looking down the path
