Sometimes I Cry

Buddy Miller

Moments when I could swear
It's like you were just here
Somebody wake me up when we get there
So you'd be here why can't you be here
Sometimes I cry sometimes I cryI stop holding up and my heart gets stuck
And that might take awhile
Sometimes I cry sometimes I cry
Sometimes I just break down and my tears come round
Like water from the sky
Sometimes I cry yea yea
No one knows what might happenTakes away so much that matters
Images showing up start me thinking
And rememveting I'm remembering
Sometimes I cry sometimes I cry
I stop holding up and my heart gets stuck
And that might take awhile
Sometimes I cry talk to you and sigh
Sometimes you still make me laugh
And that helps to pass
All the carrying on
Sometimes I cry yea yea
Can't make the puzzle fit like before
We'll have to discuss that a lot moreSometimes I cry sometimes I cry
I stop holding up and my heart gets stuck
And that might take awhile
Sometimes I cry
Sometimes I cry
Sometimes I just break down and my tears come round
Like water from the sky
Sometimes I cry yea yea
Sometimes I cry
Sometimes I cry
