

Obstinate Heart

Intergalactic Lovers

Black veil covering the hole in my heart that you shot out
Your finger on the trigger, never thought you'd have the guts to shoot me out
It's such a sad thing, it's such a sad thing

The ways these roads part
It's such a funny thing, it's such a funny thing
How every end is a new start
We went from strangers to friends for something that I
Can't comprehend

For better and worse I gave you my word
but losing love to fear's my curse
It's such a sad thing, it's such a sad thing

The ways these roads part
It's such a funny thing, it's such a funny thing
How every end is a new start
Who are you, who are you to doubt my,
doubt my heart?

Who are you to tell me what love should feel like?
And who are you to doubt my heart?
What's left to say to those convinced
by their own little ways?

Promised to keep you close so don't be afraid
you don't have to stay
It's such a sad thing, it's such a sad thing

The way we grew apart
It's such a funny thing, it's such a funny thing
How every end is a new start
Who are you, who are you to doubt my,
doubt my heart?

Who are you to tell me what love should feel like?
Who are you to tell me what love should feel like?
