Fake

Lo-Pro

This gets to me a little more than it should
But I still remember every word you saidI guess it pays to be someone
And it's okay to step on everyone
You think you are so much better
But this road you're on won't last foreverI made it this far, I made it without you
But I don't have all the answers like you doI guess it pays to be someone
And it's okay to step on everyone
You think you are so much better
But this road you're on won't last foreverAnd if I listened to you
I'd be running away from this
There's only so much more of this I can take
So fake, fake you are, so fake, fake you areYou think you are so much better
But this road you're on won't last forever
