Jazz Odyssey

Jazz Piano Essentials

Hey, this is Smooth Steve
And we've got some really cool stuff here tonight
This is, 'Jazz Odyssey'
It's one of the hottest songs right now on college radio
It really cooks
It's really groovy
And all the kids are digging this one
Ah, yeah
Really let it swing
Ah, yeah, listen to that
Listen to the guitar coming in right
Oh, oh yeah, like that
Oh yeah, sweet, groovy
Could someone get me a cappuccino?
Hey
Hey, that's too heavy
What? That's not right
