Shake That Ass

The Lovemakers

You can have my love
Take my body
You can have anything you want
If you shake that ass for me

I've been sittin' at the bar all night
Just a-waitin 'till the time is right
What you're doin' on the dance floor
Baby its a-makin' me feel alright
You shake your body like a rag doll girl
Like you're gonna break in two
I'm gonna show you what it's all about
When you take me home with you

Tell your boyfriend that you're leavin'
And you won't be home tonight
We'll be rockin 'till the mornin'
Gonna make you feel make you feel alright

You can have my love
Take my body
You can have anything you want
If you shake that ass for me

I've been dancin' with my boyfriend baby
But I'd rather be dancin' with you
I kinda noticed you been watchin' me boy
And I know you really want me too
I've been feelin' all crazy lately
Feelin' like a loaded gun
If you take me back to your place baby
I think we could have some fun

I told my boyfriend that I'm leavin'
And I won't be home tonight
Gonna rock with you 'till the mornin'
Gonna make you feel make you feel alright!

You can have my love

Take my body
You can have anything you want
If you shake that ass for me

You can have my love
Take my body
You can have anything you want
If you shake that ass for me

You can have my love
Take my body
You can have anything you want
If you shake that ass for me

You can have my love
Take my body
You can have anything you want
If you shake that ass for me
