Bad Girl

Trash Palace

Hands tied, blind
Do you know what to expect?
In back of my mind
I always know what's coming next
Just my kind
So lie back, accept the restCan you really take all I'm giving?I'm good at being a bad girl
I've got the way to bring you to your knees
'Cause I'm good for being bad
And you'll be begging, "Please, please, please"It makes perfect sense
And all at your expense
I'm taking full control
So you just sell your soulCan you really take all I'm giving?I'm good at being a bad girl
I've got the ways to bring you to your knees
I'm good for being bad
And you'll be begging, "Please, please, please"I only wanted to kiss you
I only wanted to hate you
I only wanted to fuck you
I only wanted to love youOh, if I should cause you pain
Does that really make me so bad?
I cut out my heart
To stop myself, to stop myself from going madTell me can you really take all I'm giving?I'm good at being a bad girl
I've got the ways to bring you to your knees
I'm good for being bad
And you'll be begging, "Please, please, please"I'm such a very, very, very bad girl
I do think to make you scream
I'm good for being bad
You'll be begging, "Please, please, please"I only wanted to love you
I only wanted to love you
I only wanted to love you
Only wanted to love youPlease
