My First Kiss

3oh!3

My first kiss went a little like this
[Kiss] and twist [kiss kiss] and twist
[Ke$ha:]
Well my first kiss went a little like this
[Kiss] and twist [kiss kiss] and twist

I said no more teachers and no more books
I got a kiss under the bleachers hopin' that nobody looked
Lips like licorice, tongue like candy
Excuse me miss, but can I get you out your panties?

In the back of the car
On the way to the bar
I got you on my lips (I got you on my lips)
At the foot of the stairs
With my fingers in your hair, baby this is it...

[Chorus:]
She won't ever get enough
Once she gets a little touch
If I had it my way
You know that I'd make her say
Ooooooooooooh
Ooooooooooooh
She won't ever get enough
Once she gets a little touch
If I had it my way
You know that I'd make her say
Ooooooooooooh
Ooooooooooooh

[Ke$ha:] My first kiss went a little like this...

I said no more sailors and no more soldiers
With your name in a heart tattooed upon their shoulders
Kisses like whiskey, it gets me drunk
And I wake up in the morning with the taste of your tongue

In the back of the car
On the way to the bar

I got you on my lips (I got you on my lips)
At the foot of the stairs
With my fingers in your hair, baby this is it...

[Chorus:]
She won't ever get enough
Once she gets a little touch
If I had it my way
You know that I'd make her say
Ooooooooooooooh
Ooooooooooooooh
She won't ever get enough
Once she gets a little touch
If I had it my way
You know that I'd make her say
Ooooooooooooooh
Ooooooooooooooh

My first kiss went a little like this
[Kiss] and twist [kiss kiss] and twist
Well my first kiss went a little like this
[Kiss] and twist [kiss kiss] and twist

Yeah, she won't ever get enough
Once she gets a little touch
If I had it my way
You know that I'd make her say...

Ooooooooooooooh

[Chorus:]
She won't ever get enough
Once she gets a little touch
If I had it my way
You know that I'd make her say
Ooooooooooooooh
Ooooooooooooooh
She won't ever get enough
Once she gets a little touch
If I had it my way
You know that I'd make her say
Ooooooooooooooh
Ooooooooooooooh

She won't ever get enough
Once she gets a little touch

If I had it my way
You know that I'd make her say...
