

# Astronauts and All

**Foalsä€,,**

Hey, I hear the future birds  
It's called spaceships, astronauts and all  
Let's trade all these types of things for wingsHey, I hear the future birds  
It's called spaceships, astronauts and all  
Let's trade all these types of things for wingsMake it happen, boys and girls  
Make it happen, boys and girls  
Make it happen, boys and girls  
Make it happen, boys and girlsMake it happen, boys and girls  
Make it happen, boys and girlsHey, I hear the future birds  
It's called spaceships, astronauts and all  
Let's trade all these types of things for wingsHey, I hear the future birds  
It's called spaceships, astronauts and all  
Let's trade all these types of things for wings
