Windows

N*E*R*D

Every single night I'm starring in her window
Win-do-do-do-do-do-dow
She's fresh in her towel and the lights are dimmed low
Win-do-do-do-do-do-dow
If you've seen what I've seen, she's a Ten Yo!
Win-do-do-do-do-do-dowYou would be starring in her windows
The eyes are the windows to the soul
You would be starring in her windowsMy Best friend said I shouldn't do this no more
Win-do-do-do-do-do-dow
Well I guess that means I am very different from my friends so!
Win-do-do-do-do-do-dow
Cause if you've seen what I've seen she's a ten yo!
Win-do-do-do-do-do-dowYou would be starring in her windows
The eyes are the windows to the soul
You would be starring in her windowsWin-do-do-do-do-do-dow
Win-do-do-do-do-do-dowLook at her she's my medicine
All those magazines and all that estrogen
I bet she like me, but my conscience says to guess again
If she ever did I would be ready thenThe best time to watch is like one or two o'clock
In a perfect world, she could come over and rock
I wonder if she would be fumbling a lot
She's taking off her clothes and 'bout to close the win-dow.She slipped the bill through my gate that was entitled "Windows"
Win-do-do-do-do-do-dow
She said don't go Micro-soft you like it when I bend low
Win-do-do-do-do-do-dow
She said, I see what you mean 'cause that's my twin, Yo
Win-do-do-do-do-do-dow
And umm, we see you starring in our windowsDamn
They caught me starring in her window
