Broken Knees

Skrape

My eyes seem to see
What others never see
Something's building inside me
But it's not for realYou hate, rape meSome way is how
My resurrection's now
So unable to breathe
With broken kneesNo cause for a scene
'Cause no one's knees are clean
Such a killer inside me
I'll come for youYou hate, rape me
You hate, rape meSome way is how
My resurrection's now
So unable to breathe
With broken kneesDon't tell me I can't hate
You hate, rape me
You hate, rape meI'll never hurry, I'll never worry
I walk on broken knees
