

# Little Foot

## Eleni Mandell

Little foot, little foot  
Where you wanna go?  
Is your boyfriend in the sticks?  
Are you on your way home?Little foot, little foot  
How you gonna feel?  
Is it really real?  
Is it really real?Love's no good, you know it's true  
I say it all the time  
Sometimes he's in love with you  
But maybe he'll be mineJust kidding  
I wouldn't do it to you  
No way, no wayLittle foot, little foot  
Where you going out?  
Oh, you're always going out  
Yeah, you're always going outLittle foot, little foot  
How you gonna feel?  
When you drink another beer  
Yeah, you drink a lot of beerLove's no good and nothing's free  
It's sad, I know, but true  
Sometimes he's in love with me  
But maybe he wants youJust kidding  
You wouldn't do it to me  
No way, no way, no wayLittle foot, little foot  
Where you wanna go?  
Oh, your boyfriend  
FloridaLittle foot, little foot  
How you gonna feel?  
Is it really real?  
Is it really real?Are you really real?  
Am I really real?  
Are we really real?  
Is it really real?
