

Upstairs (Touchy Mob Remix)

VIMES

here in uncanny valley
psychic frail
but down in the home that i live in
century gone
but these are not the hands of drills
and these not the mad life you loved
compensation
mystify
demystify-----[Chorus]
Can't you
crawling that height and set in the wails
but you decide
mystify
demystifyfalling
if everything`s wrong and i want just wait
but you decide
mystify
demystify-----and we don't want get sick alone
it's not too wide out range
and down by the Yeah Yo`s.
yeah
we self are...-----[Chorus]
Can't you
crawling that height and set in the wails
but you decide
mystify
demystifyfalling
if everything`s wrong and i want just wait
but you decide
mystify
demystify-----try to
set in the wails
you decide
falling
if everything`s wrong and i want just wait
but you decide-----[Chorus]
Can't you
crawling that height and set in the wails
but you decide

mystify
demystifyfalling
if everything`s wrong and i want just wait
but you decide
mystify
demystify
