yes how come
with much century still life getting worst,
worst than ever, worst than ever ,
hommies they life not easy ,
killing the young is like a pride for some,
see the young generations dying off silently
war spread around the places , millions of children dying for sake of political reasons .. (how come)
the life is mistress , the life getting worst,
placing so many families into pains and suffering ,
how come
so many children are homeless ,
so many children are losing there future for war ,
how come, how come,
every year there is war taking place in Africa,
how come every year there is a fight in the middle east ,
more refugees spreading around the century ,
HOW COME,

hoping out for peace , still no year for peace,
Stop the fire that is burning in Africa ,
Africa you are the father of civilization
am Dareysteel a.k.a. crying loud for changes,
with much struggling we still dying hard to survive,
cos all i see is pain with sorrow ,
every year with war spread around they future,
(how come)
how come is the message , how message,
is the message from they people....Chorus
so many children dying ,
so many children dying ,
so many children homeless ,
how come, how come, uuuuuuhhh
so many children dying ,
so many children dying ,
so many children homeless ,
how come, how come, uuuuuun
i have been round the world, have been round the world,
have been round the world, have been round the world,
i have been round the world, have been round the world, how come , how come , how come,
i have been round the world, have been round the world,
have been round the world, have been round the world,
how come, how come,
