

Never Say Never

Queens of the Stone Age

If time itself was his demeanor
There'd be no sunlight or a glimmer
Of sunlight landin' on the street
Sunsuit girls must be discreet, ohSunsuit girls must be discreet
Nursing their fathers locked inside
They masqueraded as his brideI might like you better
If we slept together
I might like you better
If we slept together
I might like you better
If we slept togetherBut there's somethin'
In your eyes that says
Maybe that's never
Never say neverSlump by the courthouse
With windburn skin
That man could give a fuck
About the grin on your faceAs you walk by, randy as a goat
He's sleepin' on papers
When he'd be warm in your coatI might like you better
If we slept together
I might like you better
If we slept together
I might like you better
If we slept togetherThere's somethin'
In your eyes that says
Maybe that's never
Never say never, ohThere's no easy way to lose your sight
On the street, on the stairs, who's on your flight?
Old couple walks by, as ugly as sin
But he's got her and she's got himI might like you better
If we slept together
I might like you better
If we slept together
I might like you better
If we slept togetherBut there's somethin'
In your eyes that says
Maybe that's never
Never say never, ohNever say never
Never say never

Never say never
Never say never
Never, never, never
