

Touch Me I'm Going to Scream, Pt. 2

My Morning Jacket

If you touch me
Well I just think I'll scream
Cause its been so long
Since someone challenged me

Made me think
That the way things are
Made me think
About the way that we could be

I believe in
Love my
Mmmy love oh my love
i don't even know why

ohh this feeling is wonderful
don't you ever turn it off
ohh this feeling is wonderful
don't you ever turn it off

Feeling high on wine
Human beings
Heart beats

I can see it
By the way you smile
I'm smilin' too
I see myself in you

i am with thee
When I am wired
mm alone I'm alone
i dont even know why

oh this feeling is wonderful
don't you ever turn it off
ahh this feeling is wonderful
don't you ever turn it off
