Saving an Angel

Reamonn

Angel, can you feel the sunshine on you today?
Do you feel this way?
Angel, do you feel the morning dawn down on you
Do you feel it too?Love is just a kiss away
Love is just a kiss away
Love is just a kiss away
Love is just a kiss awayAngel, put your hand in my hand
Let me lead the way to real a lot to pay
Angel, can you read in my mind?
I'm here for you, it's really trueLove is just a kiss away
Love is just a kiss away
Love is just a kiss away
Love is just a kissI'm saving an angel
I'm saving an angel
I'm saving an angel
I'm saving an angelI'm saving an angel
I'm saving an angel
I'm saving an angel
I'm saving an angelAngel
Angel
Angel
AngelAngel, can you see in my eyes?
All the pain I see is ritually
Angel, do you feel my heartbeat inside of you?
I can feel it, tooLove is just a kiss away
Love is just a kiss away
Love is just a kiss away
Love is just a kissI'm saving an angel
I'm saving an angel
I'm saving an angel
Got my hands on an angelSaving an angel
I'm saving an angel
Hands on an angel
She takes me higherWell, she takes me higher
She takes me higher
She takes me higher
She takes me higherShe takes me higher
She takes me higher
She takes me higher

She takes me higherAngel, can you feel the sunshine?
Shine down on you
Do you feel it, too?Love is just a kiss away
