

# Learn To Love Again

## Familiar 48

Constant yearning

Constant pain

For you i hold on

For you i remain

But all i wanted was your time

But what you gave me wasn't enoughI can learn to live this way

If you turn and walk away

I will learn to love again

I'll do it over and over againConstant burning

Constant strain

It feels like moments

Last for days

But all i wanted was your time

But what you gave me wasn't enough

I can learn to live this way

If you turn and walk away

I will learn to love again

I'll do it over and over again
