Little Blimp

The Joy Formidable

Wind yourself, wind yourself tightly to me
Drag your old self, nostalgia we're ready to leaveWe'll ride this, we'll ride this easily
We'll ride this, we'll ride this surely
Pedal me closer, I promise to never look back downIt's taken time, two ends are starting to tie
We've traded off, It's friction that's given us heartWe'll ride this, we'll ride this easily
We'll ride this, we'll ride this surely
Pedal me closer, I promise to never look back downWe're not metaphor, we're not "the ticket"
No token to lull or remind yourself of yourself
Working pretend, It sounds out of place
Wind ourselves, wind ourselves tighter againWe'll ride this, we'll ride this easily
We'll ride this, we'll ride this surely
Pedal me closer, I promise to never look back down
