

# You Don't Want It

Tech N9ne

When you see me smilin'  
I'm really frownin'  
You think you really wilin'  
I'm killa clownin' Meaning I don't give a fuck about nothin'  
You say that you do because stupid  
Is how everybody soundin' Niggah, you think you know me  
But only if you knew me, homie  
You leave me by my lonely  
I'm thinkin' death and destruction Imagez of blood 'n' pus  
And I ain't lookin' for nothin' but trouble  
Thinkin' of murderin' you  
When I'm just loungin' That's just the devil  
(Just the devil)  
Block it out and keep it movin'  
I'm evil and this pussy that I'm pursuin' Gimme the Bible, yes, I need it  
'Cuz tecca nina's in ruin  
Mentally I'm fuckin' up  
When I really don't know what I'm doin' My tolerance for physical pain is gained rapidly  
I'm gobblin' more thizzlez than thangz  
But it came back at me  
The holy father musta flipped and became mad at me  
Because I'm ponderin' a wicked insane strategy  
How to end it all? Many men will fall
