Never Gotten over Getting Saved

Golden State Baptist College

Verse I
The preacher gave the altar call,
The choir sang I surrender all
I walked the isle repenting of my sin.
Kneeling on that saw dust flow
Right there is where I met the Lord
Then glory filled my soul when I was born again

Chorus:
I've never gotten over getting saved
No I've never gotten over being under God's grace
I can't help but get excited in that old camp meeting way.
Oh I've never gotten over getting saved

Verse II
It's just as real to me right now
As when the world turned upside down
Forever there's an imprint on my life
I will never be the same
am still amazed how it all changed
The moment I believed I've met revival now!

********Chorus*******
