

All The Girls In The World Beware

Grand Funk Railroad

I got tarter on my teeth but I don't care
I got dark brown stains in my underwear
I'm a crumb and a bum, I'm a slouch and louse
A crazy man who don't give a damn about his self

All the girls in the world beware
All the girls in the world beware
All the girls in the world beware
All the girls in the world beware

I'm the crazy man

I'm the crazy man

I'm the crazy man

I ain't naive, I got a line or two

I'd even make one up just to lay on you

I'm rude and I'm shrewd, I'm fat and I'm bad

I'm a man who don't give a damn 'bout who he is

[illegible]

All the girls in the world beware

All the girls in the world beware

I'm the crazy man

I'm the crazy man

I'm the crazy man

All the girls beware

All the girls beware

All the girls beware

All the girls beware

All the girls beware

All the girls beware

All the girls beware

I'm the crazy man

All the girls in the world beware
I'm the crazy man
All the girls in the world beware
I'm the crazy man
All the girls in the world beware
Crazy man
All the girls in the world beware
All the girls in the world beware
All the girls in the world beware
All the girls in the world beware
All the girls in the world beware
