

Mask

Drowning Pool

To keep me side and strong
To make the horror strong To wear a mask
To have a mask
To have a mask Every time I turn around
I feel like shit Help me
Help me
Help me
Help me To keep me side and strong
To make the horror strong To wear a mask
To have a mask
To have a mask Every time I turn around
I feel like shit Help me
Help me
Help me
Help me Every time I thought it was you
I fall in line, throat
How could I be so sick?
Why don't you come and help me? Help me
Help me
Help me I just don't know myself
Sometimes, I feel so weak
How could Help me
Help me
