

God's Plan

Daniel O'Donnell

We all set out to find true love,
To meet someone special, that they sent from
above.
To have and to hold, together growing old,
To love for the rest of our lives. It's all part of God's plan my love,
You are my woman and I am your man,
It's all part of God's plan my love,
Joining our hearts, 'till death do us part,
Living forever, God's plan. I knew when I met you,
You would be my wife,
I felt like I'd known you,
Everyday of my life,
Your blue eyes saw right,
To my wandering soul,
And guided me all the way home. It's all part of God's plan my love,
You are my woman and I am your man,
It's all part of God's plan my love,
Joining our hearts 'till death do us part,
Living forever, God's plan.
We weathered the storm in each other's
arms,
Living forever God's plan.
