

# The First Time Always Hurts

## Oomph!

Just one last time,  
Please be nice to me,  
Come over here,  
Just be nice to me,  
And come and sit,  
Beside me here,Just one last time,  
Please be nice to me,  
Come over here,  
One more time again,Come on,  
Give me just a little bit now,  
Come on,  
Let me have a final kiss now,  
Come on,  
Give me just a little bit now,Fool me, please, just one more time again,The first time always hurts you know,  
Wait 'til tonight, I'm gonna show,  
The last time always hurts the most,  
One more time again,The first time always hurts you know,  
Wait 'til tonight, I'm gonna show,  
The last time always hurts the most,  
One more time again,Just one last time,  
Please be nice to me,  
Come over here,  
Just be nice to me,  
And come and sit,  
Beside me here,Just one last time,  
Please be nice to me,  
Come over here,  
One more time again,I'd remind you of your promises now,  
All your lies are bound to break your neck now,  
I'd remind you of your promises now,  
Cause tonight you'll lose me one more time,The first time always hurts you know,  
Wait 'til tonight, I'm gonna show,  
The last time always hurts the most,  
One more time again,The first time always hurts you know,  
Wait 'til tonight, I'm gonna show,  
The last time always hurts the most,  
One more time again,One more time again,The first time always hurts you know,  
Wait 'til tonight, I'm gonna show,  
The last time always hurts the most,

One more time again, The first time always hurts you know,  
Wait 'til tonight, I'm gonna show,  
The last time always hurts the most, Why don't you want me no more, (x3) Why don't you want me no more,  
(x3) Why don't you want me no more, (x8)
