

# Stay With Me (Acoustic)

## Boiling Point

Verse 1:

We all have demons, I wish you knew the claws that scratched you, well they got me too.  
I don't have answers, but learned in time, climbing these hills you'll find the other side

Pre-Chorus:

Lost for now, not lost forever  
The life you have is a treasure

Chorus:

Stay with me, this doesn't have to be the end of your story  
It's safe to breathe; you won't even have to say you're sorry.  
Lost, but now forgotten, your world is not an island  
Stay with me.

Verse 2:

We all have secrets we keep inside, destructive little devils they tell us lies  
Deadly venom flows through our veins, constantly reminding us we're not the same

Chorus:

Stay with me, this doesn't have to be the end of your story  
It's safe to breathe; you won't even have to say you're sorry.  
Lost, but now forgotten, your world is not an island  
Stay with me.

Instrumental

Chorus:

Stay with me, this doesn't have to be the end of your story  
It's safe to breathe; you won't even have to say you're sorry.  
Lost, but now forgotten, your world is not an island  
Stay with me.  
Lost, but now forgotten, your world is not an island  
Lost, but now forgotten,  
Stay with me.
