

Wait and See

The Byrds

Watch out what you say in my way
I'm gonna get that girl
Wait and see
I saw her today
She came by my way
I'm gonna win her love
Just for me
And together we'll go walking
In the evening still be talking
She's the kind of girl you never hardly see
Have you seen her eyes
Do you realize
How much a love like that can mean to me
I know she knows me
Today I could see
The way she her head when she walked by
And before the night is over
I think I'm gonna love her
And if it lasts forever I don't care
And now she is mine
I told you all the time
How could I let a girl like that go by
And before the night is over
I think I'm gonna love her
And if it lasts forever I don't care
