

Truth

24 Hours

Truth We say I Just
believe this; Iâ€™m leaving you with
a smile I donâ€™t know right from
myself, I treat you wrong If I
do, will you to You blame me, I
blame you Itâ€™s not right, under skin We both know, comes with
it And all I ever wanted from
you was I donâ€™t know if I can
trust you, After all you lied I
donâ€™t believe in whatâ€™s fake as, your smiling lies If I do,
will you to You blame me, I blame
you Itâ€™s not right, under
skin We both know, comes with
it And all I ever wanted from
you was And all I ever see in your eyes are lies If I do,
will you to You blame me, I blame
you Itâ€™s not right, under
skin We both know, comes with
it And all I ever wanted from
you was TRUTH
