

Animal (feat. U-Jean)

R.I.O.

She's an animal, whoa, a part animal, whoa
Like an animal, on the dance floor
Silent murderer, haunting after you
She's untamable, but you never know
Make one move, she now out of control
Come on danger girl, let me volunteer
I'm all bulletproof, let's get out of here
Shawty you're the one, , to
Kill the lights, let's get loose on the floor
She's the lady I wanna know
Kind of chick, out of control
She's a diva and she knows why the club goes wild
She's an animal, whoa,
She's the lady, I wanna know
Kind of chick, out of control
She's a diva and she knows why the club goes wild
She's an animal, whoa,
Party animal, whoa, party animal
I got a pocket full of love , most crazy
Way you move that ass, baby not too fast
Could feel my blast,it's gonna loose
A party animal, I make you move
She's creeping in, through your back door
Silent killer queen, looking out for you
She's invincible, never let your go
Cause tonight she'll be out on patrol
Come on danger girl, let me volunteer
I'm all bulletproof, let's get out of here
Shawty you're the one, , to
Kill the lights, let's get loose on the floor
Party animal, whoa, come party animal, whoa
She's the lady, I wanna know
Kind of chick, out of control
She's a diva and she knows why the club goes wild
She's an animal, whoa,
Yes you are, party animal star, way you move in them spot lights
Turns me on
,faze me, go on and chase me
Got a rocket full of love and ,tasty

Yeah it's no grind... kryptonite
I raise the , I load the gun, party animal, whoa,
Let's go
She's a diva and she knows why the club goes wild
She's an animal, whoa,
She's the lady, I wanna know
Kind of chick, out of control
She's a diva and she knows why the club goes wild
She's an animal, whoa.
