

# Call The Cops

## Mario

I met her right outside of the club,  
Her conversation got the best of me when she said she gonna shut it down (shut it down)  
Look, I ain't no easy win won't you put your money where your mouth has been.  
Or else you need to back up (back up, back up, shorty back up) Then her body started movin'  
Looks like i'm loosin'  
'Cause i got a little horny,  
Little mama put it on me (early in the club)[Chorus]  
Girl what you got, girl what you got, girl what you got, girl what you got?  
Somebody call the cops, 'cause shorty's a problem  
(somebody call the cops)  
Girl what you got, girl what you got, girl what you got, girl what you got?  
Somebody call the cops, 'cause shorty's a problem  
(somebody call the cops) Right on back to the crib,  
Should have saw what this lady did  
'Cause then things started goin' down (goin down, goin down)  
If you can't get in touch with your girl, that means she caught a ball in my world, 'Cause she like tha way i put it  
down (put it down, put it down)  
Then her body started movin'  
Looks like I'm loosin'  
'Cause i got a little horny,  
Little mama put it on me (early in the club)[chorus]  
Girl what you got, girl what you got, girl what you got, girl what you got?  
Somebody call the cops, 'cause shorty's a problem  
(somebody call the cops)  
Girl what you got, girl what you got, girl what you got, girl what you got?  
Somebody call the cops Party in the back  
that's when shorty started actin' naughty  
so we took her to the back and started freaking in the party  
Then i, threw her legs up, flipped her waist up, Look her in the face, see the problems solved party in the back  
that's when shorty started actin' naughty  
so we took her to the back and started freaking in the party  
Then i, threw her legs up, flipped her waist up,  
Look her in the face, see the problems solved By the time she finished dancing on me, i had her doing anything  
that i want  
'Cause i'm a PIMP, i be that brother in your fantasies  
By the time she finished dancing on me, i had her doing anything that i want  
'Cause i'm a PIMP, i be that brother in your fantasies [Chorus: x2]
