

Let It All Go

East 17

Let it all go, let it all go, let it all go, let it all go
Let it all go, let it all go, let it all go, let it all goTwisting turning with your body, easy, feel free
And then go a little crazy, never slip and slide, take it easy
Move and glide, take you on a little ride onto a dance hall vibe
Here we go with the flow, let your love goBrother, don't smother your lover
'Cause I'm going under cover
What's going on in this world today?
As I lay on my bed I pray, oh, by the wayE17, ah yes, here we go
Sounds of the bass, now go with the flow
Free your mind your body and soul
And let the music take controlLet it all go, let it all go, let it all go
To a tempo roll and rumble, never tumble
'Cause you know I never stumble
Cool and humble, I buzz you like a bumble beeLet it all go, let it all go, let it all go, let it all go
Let it all go, let it all go, let it all go, let it all goLet it all go, let it all go, we're gonna rock ya, we're gonna rock
ya
Let it all go, let it all go, we're gonna rock ya, we're gonna rock ya
Let it all go, let it all go, we're gonna rock ya, we're gonna rock ya
Let it all go, let it all go, we're gonna rock ya, we're gonna rock yaE17, ah yes, here we go
Sounds of the bass, now go with the flow
Free your mind, your body and soul
And let the music take controlLet it all go, let it all go, let it all go
To a tempo roll and rumble, never tumble
'Cause you know I never stumble
Cool and humble, I buzz you like a bumble beeLet it all go, let it all go, let it all go, let it all go
Let it all go, let it all go, let it all go, let it all goLet it all go, let it all go, we're gonna rock ya, we're gonna rock
ya
Let it all go, let it all go, we're gonna rock ya, we're gonna rock ya
Let it all go, let it all go, we're gonna rock ya, we're gonna rock ya
Let it all go, let it all go, we're gonna rock ya, we're gonna rock yaHands up, getcha hands up, don't drop 'em
Rhythms are rollin' and you know you can't stop 'em
We got the groove to make you move
Dance, take a chanceTry and escape, we're gonna getcha
Heartbeat's faster, dance a lot longer
Hardcore master beats a lot stronger
Feeling the hunger, coming at ya with the jungle hardcore
Ruff like chainsawLet it all go, let it all go, let it all go, let it all go
Let it all go, let it all go, let it all go, let it all goLet it all go, let it all go, we're gonna rock ya, we're gonna rock
ya

Let it all go, let it all go, we're gonna rock ya, we're gonna rock ya
Let it all go, let it all go, we're gonna rock ya, we're gonna rock ya
Let it all go, let it all go, we're gonna rock ya, we're gonna rock ya
