Finders Are Keepers

Hank Williams, Jr.

You're one in a million, a hundred to one shot
I took a gamble and just lookie here what I got
A diamond in the middle of a field full of stone
And I'm bettin' everything I got
Hey, that you can keep me comin' homeFinders are keepers
And I'm keeping you as long as I can
Finders are keepers
So baby, don't ever stop, just keep on holdin' my handA needle in a haystack would be easy to do
Compared to me finding somebody else like you
I tell you chasing the perfect woman is just like rolling the dice
She's as pretty as a natural eleven
And I'm puttin' my heart on the lineFinders are keepers
And I'm keeping you as long as I can
Finders are keepers
So baby, don't ever stop, just keep on holdin' my hand
