

# Invincible

**Jeremy Sweet, Jim Cushingery**

Tonight could be forgettable  
Cause I'm drinking all the alcohol  
    Girl I'm throwing away my soul  
    I'm forgetting everything that's cool  
    Cause I like it like that  
    Yeah I like it like that  
    Yeah I like it like that  
    Yeah I like it like that  
    Tonight I feel invincible  
    Tonight I feel invincible  
Just please don't tell the principle  
    The feelings irresistible  
    In detention getting physical  
    Cause I like it like that  
    Yeah I like it like that  
    Yeah I like it like that  
    Yeah I like it like that  
      
    Tonight I feel invincible  
    Tonight I feel unstoppable  
    And anything is possible  
    We are uncontrollable  
    We don't do predictable  
    Cause I like it like that  
    Yeah I like it like that  
    Yeah I like it like that  
    Yeah I like it like that  
    Cause I like it like that  
      
    Tonight could be forgettable  
    Cause I'm drinking all the alcohol  
        Girl I'm throwing away my soul  
        I'm forgetting everything that's cool  
        Cause I like it like that  
        Yeah I like it like that  
        Tonight I feel invincible
