Forget Him

Johnny Lion

Forget him
Forget himForget him if he doesnt love you
Forget him if he doesnt care
Dont let him tell you that he wants you
Cause he cant give you love which isnt thereOh, little girl, hes never dreaming of you
Hell break your heart, you wait and see
So dont you cry now, just tell him goodbye now
Forget him and please come home to meForget him if he doesnt love you
Forget him if he doesnt care
Dont let him tell you that he wants you
Cause he cant give you love which isnt thereOh, little girl, hes never dreaming of you
Hell break your heart, you wait and see
So dont you cry now, just tell him goodbye now
Forget him and please come home to meNo, dont you cry now, better tell him goodbye now
Forget him and please come home to me
