

Hypnotized

Linda Jones

(Hypnotized)

La la la la la...ha haHypnotized, you've got me hypnotized
All it took was just one little look into your eyesI'll do whatever you say, command me and I'll obey

(Because I love you)

La la la...ha ha(You've got me walking and talking in a trance)

In a magic spell of romanceMake me hold you,

Make me kiss you,

My heart is yours to command, and woah-oh...Hypnotized, gee, gee I'm so hypnotized

Just one touch of your fingertips,

One kiss from your sweet, sweet lipsI'll go wherever you want me go

Everything I've got, everything I've got, Darlin' is yours, yes it is

(Because I love you)

La la la...ha haYou got me in the spell that you cast,

Please, please make it last

Whoa-oh I'm so hypnotizedHey...hypnotized...
