

# Hoe Down/Slow Poke

## Poco

You keep me waiting til its getting aggrivating....you're a slow poke  
i wait and worry but you never seem to hurry, you're a slow poke.time means nothing to you i wait and then  
you're late again.eight oclock, nine oclock, quarter to ten.why should i scurry when you never seem to hurry  
you're a slow poke
