Hotdoggin'

Fu Manchu

Built on a huge fort, that much I know
Maybe a good deal, hard to find
Location unknown, again this timeKeepin' the road clear, hang at the back
Old Miss River, we see at last
Invisible, has seen it fall
And 10 times over, that ain't allEliminate and move on through
Learn from the master like we knew
Early morning hour, time drew close
Over the top, that much we knowKeepin' the road clear, hang at the back
Old Miss River, we see at last
Invisible, has seen it fall
And 10 times over, that ain't allAgain they roll on and on
Hotdoggin', hotdoggin', hotdoggin'
Hotdoggin'
