

Dance So Good

Wakey! Wakey!

I remember when you lost your head
Sometimes I wonder how you stay so sad when you're so beautiful
And I remember every word you said
How you were scared because you never been somewhere so beautiful, so beautiful So tell me why we're talking
when we dance so good
So tell me why we're talking when we dance so good
And I know you can't stay but I wish you would
Yeah I wish you would, I wish you would So now you tell me that you're on the mend
Sometimes I wonder how you don't go mad when you're so beautiful, so beautiful, so beautiful, so beautiful So
tell me why we're talking when we dance so good
So tell me why we're talking when we dance so good
And you know you can't stay but I wish you would
Yeah I wish you would, yeah I wish you would Remember when you lost your head
Sometimes I wonder how you stay so sad when you're so beautiful
You're so beautiful, so beautiful, so beautiful
So BEAUTIFUL, So BEAUTIFUL So tell me why we're talking when we dance so good
Yeah tell me why we're talking when we dance so good
And I know you can't stay but I wish you would
Yeah I wish you would, yeah I wish you would
