Daggers Out!

Magneta Lane

don't you know?
don't you know the blood now?
[as john now, his arm now]???
you'll find it time to changejust wait now
hold on now
learn the truth now
he's shot now
and somehow
we'll all just disappearwe're dancing
they're dancing
hanging on to your [damn man]??
and they're telling you
things that you would rather hear and see
we're dancing
they're dancing
he's dancing alive
but in time we'll all just go to sleepcan't you find?
can't you find the right time - the right time to change your face?protect her
protect her
your arms
as daggers
five daggers
have disappeared
your handswe're dancing
they're dancing
and they're telling things you would rather hear and see
they're dancing
we're dancing
he's dancing alive
but in time we'll all just go to sleep
